Payment Plans

The Patient Care Plan and the White for Life Plan have been held at £12 and £13 per month respectively for 2011. This means that members of the scheme save money on check ups and hygienist visits, as well as receiving free x rays, free antibiotics if needed and 10% off any additional treatment or purchases. If you want to join the scheme, please call us.

WHAT DO YOU GET AT YOUR HYGIENE VISIT?

Without doubt one of the most important services that we offer is a session with our hygienist. Regular professional cleaning combined with good habits at home will result in a clean and healthy mouth, reducing the risk of tooth loss and improving appearance in the long run.

REASONS TO GO TO THE HYGIENIST

- ★ Polish the teeth to remove food and drink stain.
- ★ Help to change red and inflamed gums to a healthy pink.
- ★ Stop gums from bleeding when brushing.
- ★ Prevent teeth from becoming mobile and drifting.
- ★ Prevent unpleasant tastes and bad breath caused by the damaging bacteria in the mouth.
- ★ Improve cleaning techniques for the best results.
- ★ And all of this for just £47.00

Also these sessions are very effective reminder sessions - reminding you that you are missing that hard to reach area, reminding you that you need to clean between your teeth and just reminding and reinforcing the fact that a healthy mouth looks and feels better.

So don't skip you next hygiene visit - keep healthy.

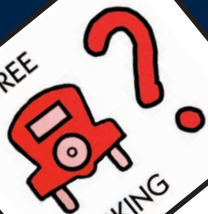

For further information call the practice on 020 8958 0136

PARKING on MOWBRAY PARADE

P

FREE
PARKING

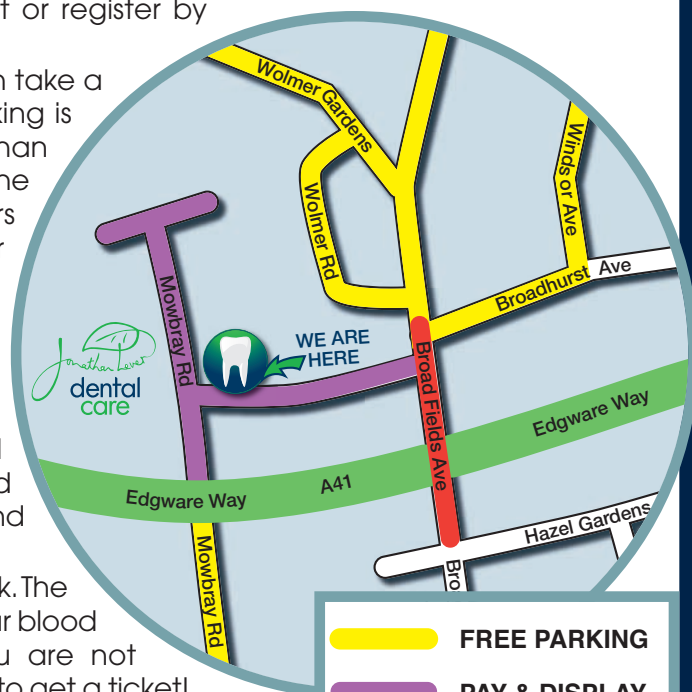

We are often asked about the parking arrangements at the practice. I wish the system was easier to understand and operate and that you could all park for free directly outside the door. Unfortunately this is not the case. If you are only staying for up to 30 minutes you can either take a ticket or register by phone for 30 minutes then parking is free.

As many of you are aware quality dental care can take a little longer to be delivered and so a fee for parking is often payable and if you are staying for more than 30 minutes the minimum fee is £2 (which includes the free period). Paying for parking by telephone offers the advantage of being able to top up your parking time if needed. Initial registration with 'the system', of your car and payment card is required but then, for any subsequent visits, payment is easy. The telephone number is 020 336 22000 and when prompted the location number is 9518.

Alternatively, if you know your visit is scheduled for more than 30 minutes, then you could consider parking in the local streets around the corner, which are still free.

So if you are able, park nearby and walk. The exercise is good for your heart and your blood pressure will be lower because you are not worrying about whether you are going to get a ticket!

CANCELLATION POLICY

Here at Jonathan Lever Dental Care, we take great pride in delivering high quality dental care to all our patients. Our aim is to treat problems where they exist, and also to advise and help you look after your teeth and gums so that you can continue to enjoy good dental health now and into the future. As such we feel that when an appointment is made it is a sign of your commitment to the same aims. We understand that on occasions emergency cancellation is unavoidable. However short notice cancellation or failure to attend for a booked appointment leads to wasted time and increased costs. As such we have a policy of charging individually in these circumstances.

SPREAD THE WORD, SHARE THE LUCK

We thrive on recommendations and are always pleased to see new patients. So, if you are happy with the service we provide for you and want to spread the word, we will be truly grateful!

We always feel lucky to be recommended to someone and as a thank you to you, we like to share some of that luck by sending you a lottery scratch card.

We will also enter you and your friend or relative to our quarterly prize draw where you could win a top of the range electric toothbrush.

Good luck!

Congratulations to our Spring and Summer prize draw winners, Mrs B Fenton and Mrs D Cohen

If you are unsure when you last had a check-up, or suspect you are overdue a visit, call us and we will let you know when your next one is due.
